A rare opportunity to own a true beachfront residence in one of Sosúa's most desirable oceanfront communities.

This beautiful 3-bedroom apartment is located on the second floor of Infiniti Blu, directly in the first line facing the beach and ocean. With its privileged beachfront position, the apartment offers the kind of Caribbean lifestyle that is becoming increasingly hard to find: wake up to the sound of the waves, enjoy direct access to the beach, and live in a secure, well-maintained oceanfront community in the heart of Sosúa.

Infiniti Blu is known for its peaceful atmosphere, tropical landscaping, beachfront setting, and excellent location close to restaurants, shops, supermarkets, nightlife, and all daily conveniences. The community offers a unique combination of privacy, comfort, and direct ocean access, making it ideal both as a private residence and as a vacation home in the Dominican Republic.

Apartments in this front-line position rarely come onto the market, especially 3-bedroom units with this level of exclusivity. For buyers looking specifically for a beachfront apartment in Sosúa, this is one of the few available opportunities.

The apartment below this unit is also available for sale, offering an additional option for buyers who may prefer a lower floor or are looking for a unique opportunity to acquire two directly connected investment properties in the same premium beachfront location.

With its fair market price, exceptional location, and limited availability of comparable beachfront inventory, this apartment represents a strong lifestyle and investment opportunity on the North Coast of the Dominican Republic.
